

Being on a construction site doesn't mean sacrificing connectivity. And, being connected is a requirement to manage jobs, personnel, contractors and security. KNS has multiple solutions to deliver connectivity to your site. Each solution can be tailored to fit the project duration and requirements.

Solutions include:

WiFi

- ✓ Indoor and Outdoor
- ✓ Internet access
- ✓ VOIP connections

Interoperability

- ✓ Communicate between cell, two-way radio and WiFi networks

Mobile Trailer Solutions

- ✓ Extend accessibility as the site moves
- ✓ Relocate sites as needed
- ✓ Off grid power – no wires
- ✓ Security cameras – self-contained and off grid
- ✓ Message Boards
- ✓ Safety

KNS can build a customized network to meet your needs. Contact us at sales@knsdenver.com
